Degree of protection IP40

Notes

Additional ceiling attachment available

Finishes

Hardware: C74 Sand black

Pendant lamp with structure made of metal by a circular diffuser plate and cable holders for wall anchoring, which allow to adapt to any space. Supplied with 8 meters fabric cable and three ceiling attachments.

ABOUT

Suspension, ceiling and wall lamp with a thin metal powder coated diffuser. The decentralize version has a versatile ceiling mounting system allowing to illuminate even in absence of electrical connection on the ceiling. In addition, the metal decentralizers allow the wire to slide to bring the light where it is needed. Thanks to its essential form, the light spreads evenly throughout the environment.
